EXECUTIVE REPORTS:

Item 10. Chief Executive Officer's Report

Chief Executive Officer Eric Stern thanked the Board for participating in the meeting under difficult circumstances. He said there's been a lot of discussion and direction

from the public health community about essential and non-essential workers. Mr. Stern stated that while our own health and safety is the first priority, SCERS recognizes that the service we provide – retirement income – is essential to our members' lives. He said that having that financial security and confidence is probably more important than ever today.

Mr. Stern said his goal is for SCERS to maintain operations in full staffing mode, just from afar. He said implementing Phase 1 of the Pension Administration System project last summer has been a godsend and is key to our ability to work remotely and serve our members because we are scanning in applications as they come in and have full visibility of the workload, which can be completed electronically.

As directed by state and county health agencies, SCERS has implemented several actions in an effort to halt the spread of the virus. While our goal is to continue to provide the same level of services as under normal conditions, Mr. Stern noted that processes will require some modifications.

- Effective Monday, March 16, SCERS' offices were closed to the public.
- We have been phasing our staff to telework since Monday and by noon today will be down to a couple people coming in to receive and scan mail.
- In-person benefit planning sessions were re-scheduled to telephone benefit planning sessions.
- Group retirement orientations are canceled until further notice.
- SCERS intends to remain in full customer service mode with staff working remotely and we can be reached at (916) 874-9119 or via email at sacretire@saccounty.net.
- We do not anticipate any delays or interruptions with monthly pension payments for current retirees.
- SCERS will continue to accept and process retirement applications. Due to staffing adjustments, new retirees may experience some delays receiving their first retirement payment.
- SCERS has asked members planning to retire to mail their completed applications to SCERS instead of coming into the office.

Mr. Stern also stated the Staff has demonstrated unbelievable commitment and professionalism during this time. He thanked SCERS' IT team of John Lindley and Brad Akin for transforming our operation into a telework environment and preparing our employees to keep business operating as long as we need to.

Item 11. Chief Investment Officer's Report

- Chief Investment Officer Steve Davis gave an update on SCERS' investment portfolio in light of the coronavirus pandemic. Mr. Davis spoke to the impact that the pandemic is having on the financial markets, including the performance of major market indexes.
- Mr. Davis gave a rough estimate of the returns of SCERS' publicly traded assets such as global equities, corporate credit, government bonds, and absolute return funds, which were down approximately 11% at the time of the

meeting. Mr. Davis also communicated the actions that SCERS' investment staff and consultants have been taking during the crisis, including speaking with SCERS' investment managers related portfolio positioning and impact, measuring SCERS' liquidity and cash levels, and communicating with SCERS' overlay manager, State Street Global Advisors, about positioning relative to rebalancing targets. Mr. Davis communicated that intra-quarter rebalance targets were triggered, and a partial rebalance was executed to bring the portfolio back within guidelines.

- Mr. Davis also reminded the Board of the importance of the long-term nature of the strategic asset allocation in managing through a market dislocation, and portfolio de-risking that has taken place over the past few years. This includes reducing SCERS' public equity allocation in favor of less correlated and diversifying assets, adding a meaningful dedicated U.S. Treasury allocation two years ago, and last year bringing the public equity allocation down further by adding a dedicated cash allocation.

ADMINISTRATIVE MATTERS:

Item 12. UC Davis Medical Center Pension Liabilities

The Board approved a motion to authorize the Chief Executive Officer to execute a funding agreement with UC Davis Medical Center regarding outstanding pension obligations. **(9-0)**

Item 13. CEO Delegated Authority Policy for Expenses

The Board approved a motion to approve revisions to the CEO Delegated Authority Policy for Expenses. **(9-0)**

Item 14. Actuarial Services Contract Extension

The Board approved a motion to extend the agreement for actuarial services with Segal through June 30, 2023, and authorized SCERS' Chief Executive Officer to execute documents necessary to update the contract. **(9-0)**

BENEFIT MATTERS:

Item 15. Post-Retirement Employment Policy

The Board approved a motion to approve technical and clarifying updates to the Post-Retirement Employment Policy. **(9-0)**

Mr. Stern also made a statement regarding Executive Order N-25-20 that Governor Newsom issued on March 12, waiving work-hour restrictions for retired public employees to return to work for their former employers. While the executive order did not specifically refer to county employers and retirees, Mr. Stern said the Governor's unambiguous message is that he wants state and local agencies to remain adequately staffed to meet this time of crisis.

Mr. Stern said SCERS will implement Executive Order N-25-20 by waiving the return-to-work restrictions on SCERS retirees set forth in Government Code section 7522.56. He noted the waiver is not completely open-ended, and stated employers and retirees who return to work pursuant to this waiver should maintain reasonable records showing their work is related to meeting staffing needs during the public health emergency. He said employers should provide notice to SCERS of any individuals receiving this waiver as part of existing reporting requirements.
