RECOMMENDATION

Staff recommends the Board receive and file the SCERS Strategic Management Program Annual Report for 2019, and approve implementation of the plan for 2019-20.

PURPOSE

The SCERS Strategic Management Program Annual Report for 2019 presents the key accomplishments for the fiscal year ending June 30, 2019 and describes key initiatives for the next fiscal year.

DISCUSSION

At the July meeting, the SCERS Board approved implementation of a new Strategic Management Program that includes an annual planning process for continuing the progress started with the SCERS Strategic Plan 2014-2018. The Strategic Management Program improves the maturity of SCERS’ strategic management capabilities with the introduction of improved processes for ownership of goals, objectives, implementation actions, performance tracking/measurement, and integrated risk management.

The Strategic Management Program has proven to be beneficial over the last fiscal year. In the coming year, the management team will continue to implement additional performance measures. The goals and objectives of the plan have been refined based on experience and are now better suited for evaluating multi-year results and supporting continuous improvement within each strategic goal.
