Agenda Item 13

MEETING DATE: April 18, 2018
SUBJECT: Delegation of Authority for Contracts and Claims Policy

RECOMMENDATION
Staff recommends the Board affirm the consolidated policy for delegation of authority to the CEO for contracts and claims settlements in the new SCERS policy format.

PURPOSE
To combine and update three separate current delegations of authority into one policy as part of the current project to collect, reformat, affirm, and organize all Board policies in one central location to ensure proper administration of all SCERS Board policies.

DISCUSSION
There are currently three distinct delegations of authority from the Board to the Chief Executive Officer:

1. Authority for securing the services and service providers that the CEO deems necessary and appropriate to properly process and evaluate disability retirement applications, to incur the costs therefor, and to designate an appropriate staff member to review the need for and approve such activities, including the reasonable and necessary payment for such services. (Resolution 2004-06)

2. Authority to enter into contracts on behalf of SCERS in an amount up to $50,000 in a fiscal year without the Board President’s written approval, and up to $100,000 in a fiscal year with the Board President’s written approval. (Resolution 2010-12)

3. Authority to allow, deny, compromise, or settle claims provided the amount to be paid does not exceed $50,000, SCERS’ Counsel concurs, and the action is not subject to the terms of an insurance policy. (Resolution 2013-06)
The proposed Delegation of Authority for Contracts and Claims Settlements Policy combines these three delegations into one policy, with the following updates:

- Specifies that the dollar limits on the delegation for entering into contracts applies to the total amount of the contract for the full term of the contract, rather than on a fiscal year basis.

- Clarifies that the authority to enter into contracts with a total amount of up to $100,000 with written approval of the Board President is not conditioned upon time constraints preventing submission of the contract to the Board in advance.

- Updates the reporting requirement to establish that the CEO will provide a quarterly report to the Board of any contract entered into for an amount greater than $5,000 and any claim settled pursuant to the delegation policy.

The proposed delegation retains the current requirements that any contracts entered into pursuant to the delegation shall comply with the budget adopted by the Board, and that the General Counsel shall review any contracts entered into of an amount or complexity, as the CEO determines, that warrant such review, and any claims settled pursuant to the policy.

The Board resolutions containing the current delegations are provided as attachments to this agenda item so the Board can confirm that the rest of the revisions are predominantly consolidation and format changes. If adopted, this policy will supersede all previous delegations of authority for these purposes.

BACKGROUND

In June 2001, the Board adopted Resolution 2001-02 that delegated authority to the CEO to incur and pay expenses necessary to the administration of SCERS and to enter into contracts for services for amounts not to exceed $25,000 and subject to approval as to legal sufficiency by SCERS' legal counsel. The policy required the CEO to report semi-annually to the Board regarding all expenses and contracts entered into during the preceding semi-annual period, and retain related records for three years.

The resolution was initiated following the change in Sacramento County’s charter that combined the offices of the elected Auditor-Controller with the office of the Treasurer-Tax Collector, establishing the appointed Director of Finance as the head of the Department of Finance. The new Director of Finance at that time recommended the Retirement Board delegate specific authorities to the CEO, require semi-annual, rather than monthly, reports to the Retirement Board, and that related records be maintained for a period of three years.

In 2004, the Board adopted Resolution 2004-06 that delegated authority to the CEO to secure the services and service providers, and incur the related costs on behalf of SCERS, that the CEO deems necessary and appropriate to properly process and evaluate disability retirement applications, and authorize the CEO to designate a SCERS staff member to review the need for and approve such activities. This resolution was proposed in response to the Department
of Finance’s heightened level of review of the payments it processes, and its need for documentation specifically authorizing the various activities and payment of costs associated with SCERS disability evaluation process.

In 2010, the Board adopted Resolution 2010-12 that amended the delegated contracting authority to increase the dollar amount to $50,000 in a fiscal year without written approval by the Board President, provided delegation for contracts up to $100,000 in a fiscal year with written approval by the Board President, required the CEO to timely report such contracts to the Board, and clarified it is not the intent to alter the selection of third party service providers which have traditionally been selected by the Board itself, such as SCERS’ auditor, actuary, investment consultants, and investment managers.

In 2013, the Board adopted Resolution 2013-06 authorizing the CEO to allow, deny, compromise, or settle any claims provided the amount to be paid does not exceed $50,000, the Board’s Counsel has reviewed and concurred with the action, and the action is not subject to the terms of an insurance policy.

PURPOSE

The purpose of this Policy is to provide for the efficient and effective management of SCERS by delegating authority from the Board to the SCERS Chief Executive Officer (CEO) to enter into contracts and to settle or otherwise dispose of claims as specified.

POLICY

The Board hereby delegates and/or confirms its delegation of authority to the CEO as follows:

A. **Contract Authority**

The CEO is authorized, on behalf of and in the name of SCERS, to enter into contracts for such goods and services as the CEO shall determine to be reasonably necessary for:

1. Securing the services and service providers that the CEO deems necessary and appropriate to properly process and evaluate disability retirement applications, to incur the costs therefor, and to designate an appropriate staff member to review the need for and approve such activities, including the reasonable and necessary payment for such services.

2. The administration of SCERS consistent with the budget adopted by the Board and as otherwise limited by this Policy, as follows:

   a. *Without written approval* of the Board President, the CEO may enter into contracts or contract amendments that do not obligate SCERS to pay more than $50,000 in total for the term of the contract.

   b. *With written approval* of the Board President (which may include approval by electronic mail or facsimile transmission), the CEO may enter into contracts that do not obligate SCERS to pay more than $100,000 in total for the term of the contract. The Board hereby authorizes the Board President to grant or deny such written approval in his or her sole discretion as the most senior officer of the Board duly elected by the members of the Board.

In delegating such authority to the CEO, it is not the intent of the Board to alter the selection of certain third party service providers that have traditionally been selected by the
Board itself by long-standing practice (e.g., SCERS' actuary, auditor, investment consultants or investment managers).

B. Claims Authority

The Board hereby delegates to the CEO authority, on behalf of and in the name of SCERS, to allow, deny, compromise, or settle any claims, litigation, demands, actions, liabilities, losses, damages, injuries, and expenses (including attorneys’ fees and defense costs) in any matter involving the SCERS Board of Retirement or its officers and/or members, or SCERS employees, provided that:

1. The amount to be paid pursuant to such claim, allowance, compromise, or settlement does not exceed $50,000. If the amount to be paid exceeds $50,000, the allowance, compromise, or settlement must be approved by the Board of Retirement.

2. The claim, allowance, compromise or settlement is with the concurrence of the General Counsel; and,

3. The claim, allowance, compromise or settlement is not subject to the terms of an insurance policy wherein the insurer is granted the authority to allow, deny, compromise, or settle claims or actions within the scope of such policy.

APPLICATION

Any contracts or contract amendments entered into pursuant to Section A.2. of this delegation shall comply with the budget adopted by the Board.

General Counsel shall review any contracts entered into pursuant to this delegation of an amount or complexity, as determined by the CEO or his or her designee, to warrant such review, and any claims settled pursuant to this delegation.

The CEO shall provide a quarterly report to the Board of any contracts entered into pursuant to Section A.2. of this delegation for an amount greater than $5,000 and any claims settled pursuant to this delegation.

BACKGROUND

The CEO has been appointed by the Board in accordance with Government Code Sections 31522.1 and 31522.2 and is responsible for the management of SCERS including the retirement fund, operating budget, appointment and management of personnel, and the other day-to-day activities of the retirement system.

The CEO serves as Secretary of the Retirement Board in its management of the retirement system. Pursuant to Government Code Sections 31522.2 and 31590, the CEO has authority on behalf of the Board: to sign or authorize all warrants, checks, and electronic fund transfers drawn on the retirement fund, and to sign all documents, including contracts, necessary to carry out any decision, including investment decisions, made or approved by the Board; to negotiate and sign contracts with vendors, consultants, and payees of the
system as required by contract or applicable law; and any other decision made or approved by the CEO pursuant to a delegation of authority granted by the Board to the CEO for such decision.
