About the Sacramento County Employees' Retirement System

The Sacramento County Employees' Retirement System ("SCERS" or the "System") is a multiple-employer, cost sharing public employee retirement system which operates under the County Employees' Retirement Law of 1937 (Section 31450 et seq. of the California Government Code). The System was created by resolution of the Sacramento County Board of Supervisors on July 1, 1941 to provide retirement, disability, and death benefits to qualified employees of Sacramento County, the Superior Court, and participating special districts. SCERS is governed by a nine-member Board of Retirement; four are appointed by the Sacramento County Board of Supervisors, four are elected by the members of the System, and the Sacramento County Director of Finance sits as an ex-officio member.

The SCERS Board has sole and exclusive fiduciary responsibility over the assets of the fund and for administering benefits provided by the 1937 Act. The Board works with an investment consulting firm to ensure that the assets of the system are diversified and that the system is earning a reasonable rate of return on investments. Funding for future retirement benefits calls for a long-term outlook, and as a result, the Board's investment policy has an appropriate long-term horizon.

Operating from a beautiful high-rise in downtown Sacramento, the System serves approximately 26,000 members with a fund balance of over \$9 billion.
